Dinagore District Board.

SIX PER CENT. LOAN.

THE Dinagore District Board have resolved, with the permission of the Lieutenant-Governor of Bengal, to borrow Rs. 10,000 (out of two lakhs of rupees) during the current financial year (1889-90) for construction of permanent bridges in their district roads on security of the District Fund formed under Act III (B.C.) of 1885, detailed accounts of which for last two years were published in the *Calcutta Gazette*, Part IB, page 164, dated 7th August 1889.

2. Tenders for the whole or any part of the said amount of Rs. 10,000 will be received by the Vice-Chairman of the Board from this date to Friday, the 31st January 1890. Tenders must be in sums of Rs. 500 or multiples of Rs. 500.

3. Each tender must be addressed in the form annexed herewith to the Vice-Chairman, and enclosed in a closed and sealed cover superscribed "Tender for Loan." If the tenderer is not resident in India, he must name an agent resident in India, to whom a letter of allotment may be issued if any part of the loan is allotted to such tenderer.

4. Each tender must be accompanied by deposit money, at a rate of 5 per cent. on the amount tendered, to be sent by postal money-order, and the money-order receipt must be filed with the tender. Deposits will, in the case of accepted tenders, be credited proportionally in part payment of the allotment certificates issued in respect of the tender. If any allotment certificate is not fully taken up, the deposit will be forfeited.

5. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

6. The rate at which each tender is made must be specified in rupees, or rupees and annas. A tender in which no rate is thus specified, but a subscription is offered in some other terms, e.g., at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders, will be rejected as null and void.

7. Tenders will be opened publicly by the Vice-Chairman at the Dinagore Magistracy on Saturday, the 1st February next, at noon (Calcutta time).

8. Tenders at the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 500.

9. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Vice-Chairman as soon as possible after the tenders have been accepted, and a list of the names of those to whom such allotment certificates are issued will be posted for general information at the District Board's Office.

10. Payment of any allotment certificate is to be made in credit of the District Fund at the Dinagore Treasury.

Form of Tender

I, A B., hereby tender for Rs. (Rs.) of the six per cent. loan advertised in the *Calcutta Gazette*, dated , and agree to pay for the same subject to the condition mentioned in the advertisement, at the rate of Rs. As. for every hundred rupees allotted to me.

I enclose a money-order receipt for deposit money for Rs. sent to the address of the Vice-Chairman of the Dinagore District Board.

Any allotment made to me may be communicated to at

NOTE.—A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount: thus "one hundred and two" or "one hundred," or "ninety-nine," not "two per cent. premium" or "par" or "one per cent. discount."

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 18.

Dated the 21st January 1890.

THE subjoined annual accounts and reports of the Road Cess Committees of the districts of Hazaribagh, Lohardugga, Manbhoom and Singbhoom for the year 1888-89, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

W. B. BESTIC,

Under-Secy. to the Govt. of Bengal.

No. 58D.R., dated Hazaribagh, the 7th June 1889.

FROM—LIEUT.-COL. C. H. GARBETT, Chairman, District Road Cess Committee, Hazaribagh,

TO—The Commissioner of Chota Nagpore.

I HAVE the honour to submit herewith a detailed account of receipts and expenditure of the District Road Fund for the year ending 31st March 1889, together with the following report on the administration of the fund for the same period.

2. During the year under report the District Committee, consisting of 24 members, held five meetings for the transaction of business, a summary of which is given below. A quorum was obtained at all the meetings.

* * * * *

(1) Preparation of the schedule of all public works under sections 141 and 143 of Act IX (B.C.) of 1880 which are subject to the control of this committee for submission to Government.

(2) Distribution of village road allotments for the year 1888-89.

(3) Passing the estimate of gravelling the Ramgurh and Gola Road.

(4) Preparation of the budget estimates of receipts and expenditure for the year 1889-90.

(5) Passing the annual accounts and reports for the year 1887-88.

3. The accounts were, as usual, audited monthly by a sub-committee appointed under section 174 of the Road Cess Act.

4. *Branch Committee.*—There is only one branch committee at Giridih, which held five meetings during the year, and in which the average attendance of members was 4.2.

5. The year commenced with an arrear balance of Rs. 10,665. This, together with Rs. 46,476, the demand for the year, less the sum of Rs. 514 paid in advance in previous year, gave a total of Rs. 56,627 for collection within the year under report. The collections of the year, amounted to Rs. 47,025, leaving a balance of Rs. 9,602 uncollected at its close. In addition to the above a sum of Rs. 1,437 was collected as advance collection on account of future years. The percentage of collection on current demand was 79.1. The cause of this percentage being below the standard rate was the same as reported last year, viz., the default of the Ramgurh estate to pay its last instalment of cesses, amounting to Rs. 17,614-10-5, on the 28th March 1889. This amount has since been realized.

6. *Original works.*—The only original works taken up in hand during the year under review were the construction of a third class inspection bungalow at Gola, and the gravelling of the eight miles of the road between Ramgurh and Gola. The sum of Rs. 400 shown as expended on the Burhee and Gawan road was on account of payment of arrears due to contractors for works done last year.

7. The funds at the disposal of the committee being insufficient even to keep up all the existing district roads, not to mention village roads, very little could be done by way of original works.

8. *Repairs.*—Five metalled roads, aggregating about 58 miles, have been maintained and are generally in good condition. Seventeen fair weather roads, about 302 miles, have been fairly maintained throughout the year and are fit for cart traffic. The steep gradients are gradually being improved, and the approaches down to beds of unbridged rivers and nullahs eased for wheeled traffic.

9. *Village roads.*—Thirty village roads, aggregating about 134 miles, have been repaired and made feasible for cart traffic. For want of funds no new village communications were taken up.

10. *Arboriculture.*—With the exception of filling up vacancies and maintaining existing plants, no new trees were planted during the year. The number of trees already planted (viz., 14,150) is comparatively large considering the means of this committee.

11. *Nursery garden.*—There is only one nursery in the compound of the Road Cess office, containing the following plants:—Mango, jamun, jack, neem, carouge and date. They are well looked after and are doing well.

12. *Staging bungalows and serais.*—There is only one staging bungalow at Ramgurh it yielded Rs. 291 during the year, and its maintenance cost Rs. 564-8-2, including arrear payments of last year.

There is a cart serai at Bagodar on the Grand Trunk Road. It yielded Rs. 91-10-8, and cost Rs. 268-9-9 for its maintenance. As the committee gain nothing by keeping up this serai, but pay more than what it yields, it is desirable that it be closed to prevent further loss in its maintenance. The same may be said of the Ramgurh staging bungalow.

13. The scarcity of labour in the district increases every year, and is mostly felt in the Chatra subdivision, where it has become almost impossible to procure coolies to do road work. Save in the Chatra sub-division, most of the earthwork on the roads was done during the rainy season. In the Chatra subdivision very little of the earthwork was done during the wet season, principally by reason of the dearth and difficulty of procuring labour, and partly owing to the laches of contractors.

14. A sum of Rs. 7,465-11-8 was placed at the disposal of the branch committee at Giridih. Of this sum Rs. 5,997-6-3 were spent in repairing the village roads and Rs. 199-8 in paying the cost of establishment under it, leaving a balance of Rs. 1,268-13-5 unexpended at the end of the year.

H. C. MITTER,
Vice-Chairman.

No. 94DR., dated Ranchi, the ^{31st May}_{13th June} 1889.

From—E. G. LILLINGSTON, Esq., Chairman, District Road Cess Committee,
Lohardugga,

To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit herewith the annual accounts and report on the working of the Road Cess Act, IX (B. O.) of 1880, for the year ending 31st March 1889.

* * * * *

3. * * * * * The attendance of the official members of the District Committee during the year under report was only satisfactory, for out of four officials three attended six meetings, and one attended two meetings, but out of eight non-official members two attended four meetings, and the other six one or two meetings only. Regarding Palamow Branch Road Cess Committee * * *

the attendance of the non-official members was unsatisfactory.

4. A summary of the business transacted at the meetings of the District Road Cess Committee is given below:—

- (a) Passing the budget estimates.
- (b) Fixing the rate of road cess to be levied during the year.
- (c) Passing the annual accounts for 1887-88.
- (d) Passing estimates submitted by the District Engineer for the repairs of different roads during 1887-88.
- (e) Appointing contractors for the construction and repairs of different roads for 1888-89.
- (f) Disposing of other miscellaneous business.

5. Mr. C. F. Manson, Deputy Magistrate, held the office of Vice-Chairman from April 1888 to December 1888, and Officiating Joint-Magistrate, G. W. Place, Esq., c.s., from January to February 1888, on account of there being no senior assistant from March 1889. The office of the Vice-Chairman was under my direct supervision. The cheques were signed by the Executive Engineer in place of the Vice-Chairman as *ex-officio* member of the Committee.

6. The demand on account of cess on lands and mines during the year, including arrears of last year, amounted to Rs. 53,467. Of this Rs. 609 was collected as advance during the previous year, and Rs. 51,738 has been collected within the year under report, thus leaving a balance outstanding on the 31st March 1889 of Rs. 1,120. In addition to the above a sum of Rs. 564 was collected in advance on account of the ensuing year 1889-90.

7. The cess was levied at the maximum rate. There was no difficulty in collecting it at head-quarters in the Palamow subdivision; also the payments appear now to be more punctually made than before.

8. The accounts of the year were duly examined and audited by a sub-committee consisting of the Vice-Chairman and two other English-knowing members.

9. *Original works.*—Three bridges of rubble stone and brick masonry abutments, piers, and wing walls and masonry arched roadway were constructed on Ranchi and Lohardugga road—one over the Kurruk stream, having two spans of 25 feet each; another over the Bara river with three spans of 20 feet each; and the third over the Baratpore stream of two spans, measuring 20 feet each. A diversion on the existing road for the purpose of selecting better sites for these bridges was also under construction, which is expected to be completed by the next rains. Another bridge was intended to be constructed close to Lohardugga, in order to replace a timber-topped bridge, which is much damaged, and provision for this

was made in the budget, but it could not be taken in hand, as it was all but settled that an embankment would be constructed stopping the stream over which the bridge was to be built, with the amount sanctioned for the bridge, in order to improve the water-supply of the locality.

10. A bridge 20 feet span, with rubble stone and brick masonry abutments and wing walls and sal-timber roadway, was constructed over a nulla close to the village of Jhoree on Majwan and Jupla road in the Palamow subdivision.

11. *Survey.*—Survey was taken of Lohardugga-Chattra road, Kuru to Orenge stream road, and Daltongunge and Maharajgunge roads, and plan prepared of them. Some drawing of plans and sections for the preparation of a project for Ranchi and Chandil road were made.

12. *Arboriculture.*—Nine hundred new seedlings of mango, jack and kurrung were planted along the last five miles of Ranchi and Lohardugga road, and protected by bamboo gabions. Plants along 75 miles of the roads were maintained in good condition. Several new gabions were supplied. Some of the plants died and were replaced by fresh seedlings.

13. *Repairs.—Ranchi-Lohardugga Road.*—This very important road, which has considerable cart traffic, was maintained in fair order throughout the year. About eight miles of the road between Ranchi and Brambey in the 12th mile were gravelled during the year. This gravelling has been finished in the road up to Mandur thana on the 17th mile, with the exception of a little over two miles in all at places on high ground. A timber bridge in the 16th mile was thoroughly rebuilt. A parapet with a portion of arch in a culvert in the 20th mile, which was seriously damaged, was thoroughly repaired, and flooring renewed in case of two bridges on the 20th and 21st miles. Wheel guards were put up to protect the parapet walls in almost all the bridges and culverts.

14. *Lohardugga and Chattra Road.*—A temporary bridge, 25 feet span, with dry rubble, abutments and wing walls and timber roadway was constructed. Sal-wood roadways in three bridges were thoroughly repaired. The road was maintained in good order by surface repairs.

15. *Kuru to Orenge Stream Road.*—A temporary bridge of rubble masonry abutment and wing walls and sal timber roadway with a span, measuring 20 feet, was thoroughly reconstructed, and another 45 feet long was under construction. Road was kept in a fair order.

16. *Orenge to Daltongunge Road.*—The road was much improved upon as regards the gradients at the Charwadih ghât by cutting and filling. Side-drains were renewed along some six miles of road taken altogether. Two bridges of rubble and brick masonry abutments and timber roadway, and another of masonry arched road way, were thoroughly reconstructed. The road was maintained in good order throughout its length.

17. *Daltongunge-Maharajgunge Road.*—About five miles of mere track were converted into road this year. The road which is one of the most important roads in the Palamow sub-division, and has much traffic from Gya district, has now been made practicable for carts throughout its length, specially during the fair weather. Several temporary bridges were renewed. Road was kept passable throughout the year by surface repairs.

18. *Daltongunge and Gurwa Road.*—Road was kept in good order. Some temporary bridges were constructed, and others thoroughly repaired.

19. *Ranchi-Bundgaon Road.*—Some repairs consisting in cutting the road to improve its gradients and those to bridges were effected, as well as some earthwork in petty repairs were done. The maintenance of the road was taken over at the end of the last rainy season by the Public Works Department.

20. *Ranchi-Palkote Road.*—That section of it which extends from Bussia to Palkote, about 12 miles in length, was converted into a properly raised road, with seven temporary culverts, in place of the mere tracks unfit for wheeled traffic. The entire length of the road was maintained in passable condition for purposes of cart traffic.

21. *Khunti-Kamdera Road.*—Earthwork consisting in embankments through the rice lands, at three places were finished during the year. Some temporary bridges were constructed. The road was opened for cart traffic throughout its length, and was maintained in good order.

22. *Ranchi-Chandil Road.*—Reconstruction of the road from Bundu to Penaidih, which was commenced, and in a portion of which work had been done the year before last, was completed. Several culverts of temporary nature were constructed. The rubble masonry and jungle wood temporary bridge over Nailgurrah nullah was under reconstruction. The road was maintained in good order.

23. *Ranchi and Palma Road.*—Sal wood platforms of all the three bridges repaired this year were reconstructed. The road was maintained in good order.

24. *Anundi to Gola Road.*—Road was maintained in fair order by patch repairs.

24½. *Ranchi-Pithoria Road.*—The road was kept in passable condition by petty repairs. Some temporary bridges were rebuilt.

25. *Daltongunge-Bihar Road; Gurwa to Untari Road; Lesligunge-Pankey Road.*—No contractor was available for repairing these roads. The entire allotments could not be spent. Some jungle-cuttings and petty repairs were executed departmentally.

26. *Gurwa and Majwan Road.*—A little over one-third of the allotment, which was sufficient for reconstruction of the entire length of the road, could only be spent, as the contractors to whom the works were let out on regular contract neglected their works much. In about half the length side drains were renewed and embankments reconstructed.

27. *Majwan and Jupla Road.*—The allotment was almost sufficient for the reconstruction of the whole length of the road, which was a mere track, quite unfit for cart traffic. The work was let out to the same contractors as in case of Gurwa-Majwan road, who failed to complete the work. Only about four miles were renewed.

28. *Lohardugga-Sumbulpore Road.*—About 12 miles of the road were reconstructed during the year. The road was kept in passable condition.

29. *Ranchi-Jhalda Road.*—It was kept passable by patch repairs. Several temporary bridges were constructed.

30. *Daltongunge station roads.*—They were kept in good order by petty repairs, and renewal of gravelling here and there.

31. *Palma to Lohardugga Road via Bhandra.*—Two temporary bridges of sâl bullah platform abutments, a span measuring 18 feet, and another having a 20 feet span, were built; a third bridge, partly sâl timber and partly sâl bullah platform, having rubble masonry abutments, with three spans, 55 feet long altogether, was also constructed during the year. The road was kept in fair order throughout the year.

32. *Petty roads in the head-quarters subdivision.*—All the roads were maintained in good order during the year under report.

33. *Village roads.*—In the head-quarters subdivision some 69 miles of new road have been constructed, and 100 miles properly maintained, and many temporary bridges constructed. In the Palamow subdivision reconstruction was effected in Daltongunge-Patan road and Kechki road. Some six roads were repaired.

34. *Staging bungalows.*—All the bungalows were maintained in fair order by petty repairs.

35. Generally it may be said that more attention has been paid this year to securing good and lasting works rather than quantity. Drainage is being especially looked after, and care taken that the bad portions of roads are completed before work is done on the better parts. A system has been introduced to finish off such portions of roads as are to be put in order first, and until these are completed the contractors and subordinates employed under the District Engineer are not given credit for any other works executed.

36. *Accounts.*—The monthly accounts of the road fund and of the District Engineer's office were examined by the Vice-Chairman and two other English-knowing members of the committee, who were appointed for the purpose.

37. The local auditor inspected this and the District Engineer's office on the 13th December 1888, and the result was very satisfactory.

* * * * *

42. The roads, bridges and culverts mentioned in the budget estimate for 1889-90 (sanctioned by Government) are the works proposed to be taken in hand during the ensuing year 1889-90.

43. The works have all been executed by contracts during the year under report, and the small sums advanced to the contractors have been adjusted.

E. G. LILLINGSTON,
Chairman, District Road
Cess Committee, Lohardugga.

Annual Report of the District Road Committee of Manbhoom for the cess year 1888-89.

1. *Working of Cess Act IX (B.C.) of 1880*—Statement A shows the demands, collections and balances of cesses for 1888-89 as compared with the year previous.

The outstanding balance for 1887-88 was Rs. 43,897, and the demand for the year under report was Rs. 87,762, against Rs. 51,567 and Rs. 89,820, respectively, for the previous years, thus—

			Rs.
Arrears of cesses on lands for 1886-87 ...			47,397
Ditto on mines and quarries ...			2,539
Ditto on jungles ...			1,631
	Total		51,567
Demands of cess on lands for 1887-88 ...			80,044
Ditto on mines and quarries ...			7,180
Ditto on jungles ...			2,596
	Total		89,820

There was a decrease of Rs. 2,058 in the demand owing to reduced assessments on some coal mines, quarries, and jungles. The balance left unrealized at the end of the year was further reduced to Rs. 27,463. The collection of the year was Rs. 1,04,073, against Rs. 97,431 the year previous, showing an increase of Rs. 6,642.

Out of the balance, Rs. 27,586, shown in column 10 of the statement, Rs. 123 have been remitted by orders of the Deputy Commissioner and Commissioner of Chota Nagpore. The net balance to be realized is Rs. 27,463, of which Rs. 18,065 represents the arrears of the kist falling due on the 28th March 1889, the payment of which could not be enforced till after the lapse of 15 days; deducting the amount of March kist, the balance is reduced to Rs. 9,398, of which Rs. 6,802 are due from the Pachet Raja alone for the last January kist. Certificates have been filed for realization of the January kist in all cases, and applications have been made for sale of the immoveable property of zemindars and lakhiraj-dars.

The following mines and quarries were assessed during the year as compared with the previous year—

				Coal mines.	Stone quarries.	Gravel quarries.	Amount of assessment.
1887-88	12	15	7	7,179
1888-89	19	15	6	5,328

The cesses were not paid regularly in all cases. The people of this district generally wait till after the certificate procedure is put in force. The practice of giving intimation to the owners of mines, quarries, and jungles by means of printed post-cards has been found to be useful, as it obviated the necessity of issuing certificates in many cases. The operation of the Cess Act has led to the improvement of roads and communications.

2. *Working of the Committee.*—The Committee met 12 times during the year under report, and there was no meeting without a quorum.

* * * * *

The following is a summary of work done by the Committee during the year :—

- (1) Passing monthly Road Fund accounts every month, audited by a standing Sub-Committee.
- (2) Considering the plans and estimates for widening and re-aligning portions of the Purulia-Bankura and Purulia-Manbazar roads within the town of Purulia to a width of 24 feet.
- (3) Discussion over the Commissioner's letter regarding the appointment of a Superintendent of Works, as well as over the Chairman's draft resolution on the same subject.
- (4) Passing Annual Accounts and Reports of the Cess year 1887-88.
- (5) Nominating three additional members for the Sudder Committee.
- (6) Passing of the budget estimates of receipts and expenditure for the cess year 1889-90, and proposal for an application to be made for sanction to levy cess on the Bengal-Nagpore Railway when opened for traffic.
- (7) Discussion over the Government enquiry as to whether the Committee are prepared to take over the Purulia-Burrakur Road and Committee's resolution to undertake the same, provided Government takes over as a provincial work the construction and maintenance of the Bolorampore-Burrabazar-Koilapal Roads.

3. *Branch Committees.*—A Branch Committee was established at Govindpore during the year under report, and Baboo Akhoy Kumar Ghose was appointed sub-overseer.

4. *Working establishment.*—There have been no changes during the year.

* * * * *

5. *Works done during the year.*—Abstract of all works done during the year and the respective cost is shown in Appendix B.

(a). *Sudder Sub-division.*—The provision under head *original works* consisted of (1) construction of the Bolorampore-Burrabazar road; (2) metalling some of the Purulia station roads with quartz stone metal; and (3) improving and widening portions of the Manbazar and Bankura roads within the town of Purulia. These works have been finished very satisfactorily, excepting the construction of the Bolorampore and Burrabazar road, which is in progress.

Repair works.—In the Sudder sub-division consisted of the following :—The roads from Purulia towards Chybassa and Bankura have been repaired and improved with quartz stone metal and screened gravel. The Roghoonathpore and Ranigunge road, Roghoonathpore-Bankura road, Charrah Branch road, first and second sections of the Jhapra and Govindpore road have been maintained in fair order generally by earthwork, turfing and gravelling. A good deal of earthwork has been done in the Hura-Manbazar section of the Roghoonathpore-Manbazar road, and five temporary culverts constructed in it. The road is now fit for cart traffic all along. The Roghoonathpore-Hazaribagh road has been extended as far as Chandra. The Ledhoorka and Gourandi road (an old famine road) was taken up for repairs last year only. A good deal of earthwork has been done in this road, and it is quite fit for cart traffic as far as Kassipore, and somewhat passable for carts all the way to Gourandi. The Damdah-Burrabazar and Burrabazar-Koilapal roads have been maintained in very fair order, and the latter extended to some extent. The construction of the Chota Talpat bundh, the embankment of which now forms part of Burrabazar and Koilapal road, is

no doubt a great improvement to this road. This road is now quite fit for carts as far as village Chirudi, only four miles from Koilapal. All other roads have been kept in repairs.

(b) *Village roads*.—The work on the Manbazar and Burrabazar village road was done as far as Sindree. This portion of the road is fit for cart traffic. A new village road from Jeypore to Begconkodar was started this year, and works done on it as far as funds permitted. All other village roads were taken in hand and kept in repairs.

(c) *Cart serais*.—Two new cart serais—one at Chandil, the other at Bolorampore—were constructed this year. The roofs of these two serais are tiled. The Hurra and Jainagar cart serais were thoroughly improved by roofing the sheds with tiles. General repairs were done to all other serais and their compounds.

6. *Govindpore Sub-division*.—There was no original work. The works were wholly restricted to repairs to existing roads. The Govindpore and Toondi road was repaired as usual and extended towards the boundary of the district. All other roads in the sub-division were maintained properly and improved by gravelling the muddy places. The village roads in the Govindpore sub-division were maintained and repaired properly. The Govindpore and Jherriya village road has been taken up for repairs during the year under report in order to make it a district road. Half of the cost of this road has been borne by the Jherriya estate.

The cart serais—In this sub-division were maintained properly.

Vice-Chairman, District Road Committee, Manbhoom.

Supplement to the Annual Report of the Manbhoom District Road Committee for the year 1888-89.

Arboriculture.—Some young trees were planted along the station roads of Purulia and Govindpore during the year under report, and old ones along the Purulia station roads were maintained by watering, repairing gabions, &c. Nothing could be done towards planting trees extensively along the district roads for want of funds.

Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1888-89, and they have been duly scrutinized by the sub-committee.

Also that the treasury officer's abstract of the account of the committee for the year has been duly received and checked with the cash and pass-books, and found to agree therewith, except in respect of the amount of imprest in the hands of the accountant, which has been duly noted in the cash-book.

That the vouchers for the payments of the year have been cancelled, that none but duly sanctioned expenditure has been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

* Road Cess office—(1) Cash-book; (2) Cash abstract book; (3) Register of monthly receipts and expenditure; (4) Account of deposits; (5) Account of advances.

District Engineer's office:—I—Accounts, viz. (1) Files of contract certificates; (2) Files of bills for purchases or purchase lists; (3) Files of day-book; (4) Files of establishment bills; (5) Files of acquittance rolls; II—Books, viz.: (2) Register of bills passed; (3) Register of works and repairs; (4) Register of tools and plant; (6) Account of advances; (7) Account of deposits.

Explanatory Note.

1. The excess expenditure of Rs. 55-7-8 under head *Percentage cost of establishment* is on account of the payment made during the year for the previous year.
2. The excess expenditure under head *Stationery and Printing* is on account of the extra demand of printed forms for the Committee's and that of the District Engineer's offices.
3. The excess expenditure in some of the items of *repair works*, and under head *Petty construction and repairs* is apparent, but not actual, as the budget provision shown is for the year under report, whereas the expenditure includes payments for works provided for in the previous year.

Annual Report on Road Cess Operations for the cess year 1888-89.

Midnapore road—Is a second class road. This is the only communication between Midnapore and Chybassa. It extends from Chybassa to district boundary in Bend, or more properly Kopun nullah, and is 71 miles in length. The surface of the road received petty repairs. Portions of road in the 20th, 21st, and 32nd to 37th miles have been gravelled. It has been found that the portions gravelled remain in a very good condition throughout the year, especially during the rains, when, owing to the peculiar plastic nature of the soil, the roads become very miry. The culverts and bridges have also been maintained. New mileposts have been fixed.

Original work.—One inspection bungalow has been erected at Ghatsilla on the 50th mile.

Nursingurh to Bhairagora road—Branches off from the Midnapore road on the 56th mile. It is a fifth class road, and is 21 miles in length. Petty repairs were done to the surface of the road, and the wooden culverts and bridges have been maintained.

Chybassa to Subornorekha river (Burrakur road)—Leads to Purulia. This is a third class road, 30 miles in length. Till the opening of the Bengal-Nagpore Railway, it will continue to be the most important road in this district. Surface dressing has been done throughout the road. Earthwork was also executed to improve the most rugged portions. Graveling has been done in portions of the 9th to 16th miles, where the road becomes muddy during the rains. Side drains have also been cut to carry the drainage from the hills. The old metalled parts that got out of orders have also been repaired. This road crosses two big hill-streams—Rorho in the 5th and Sanjoy in the 20th miles. Besides the above, there are three more unbridged nullahs, and there should be bridges, as during heavy floods all sorts of traffic get stopped. Waterways of a number of culverts are insufficient, and there had been scours on the down stream sides. Stone pitching has been done in these places to prevent the foundation of the culverts being undermined. The bridges and culverts, almost all of which are of masonry, were in a good condition, and no repairs were necessary. New mileposts have also been fixed on the road.

Original works.—*Subornorekha Ghât improvement*.—(a) Nearly the whole of the earthwork on the south side of the hill is finished. The rock-cutting on the top of the hill remains to be done, and when completed the new road will be fit for use. The work is in progress.

(b). *Thulko shelter-house*.—A bungalow at Thulko on the 8th mile has nearly been furnished.

Chybassa to Khursowan road—Is a fourth class road, 16 miles in length. The surface of the road and the culverts therein have received petty repairs. Portions of road in the 2nd and 3rd and 9th miles have been gravelled.

Chybassa to Fooljuri (Bandgaon road)—Is a second class road according to the road list lately received from Government, and is in length 44 miles. This road leads to Ranchi, the head-quarters of the division. The surface of the road received petty repairs throughout. A portion of the road in the 8th mile was under flood during the last rain, and the same has been raised. Two new platform culverts have also been made at that place for passage of drainage. Portions of road in the 7th to 14th miles have been gravelled. The culverts were in good condition, and no repairs were necessary. New mileposts have been fixed.

This road crosses Sanjoy nullah on the 13th mile, and during the rains a ferry is kept at the crossing for passage of traffic.

The portion between Bandgaon and the district boundary, a length of two miles, is being improved by the Public Works Department, and the improvement of the portion up to Chuckradharpore will be taken up shortly.

Bridge over Rorho nullah.—The platform bridge over Rorho nullah was in a dilapidated condition, and to prevent any accident it has been dismantled. Fifteen rolled iron joists have also been brought from Calcutta for using instead of wooden beams. The repairs are being pushed on vigorously. Finding the sum available from the current year's budget inadequate to complete the work, an application for an additional grant of Rs. 1,500 has been made by me in my letter No. $\frac{R.C.}{23}$, dated the 12th May 1889, to the address of the Commissioner of the Division, and I hope Government will grant this amount, considering the importance of the work.

Original work.—An inspection bungalow has been constructed at Chuckradharpore.

Chuckradharpore to Koksinga road—Is a fourth class road, and is in length 51 miles. The portion of the road up to Dalaikola, a length of 18 miles, has been maintained during the year under review. The surface of the road and a few of the timber culverts received only petty repairs. The whole of the timber culverts could not be repaired owing to the dearth of local labour caused by the great demand on the railway.

Chybassa to Joyntigurh road—Is a second class road, and is in length 35 miles. Surface dressing was done throughout. Necessary repairs were also done to the wooden culverts. Portions of the road in 2nd to 6th miles were improved by gravelling. Some rugged portions of the road were also improved by spreading earth. Some urgent petty repairs were done to the following village roads:—

- (1) Chybassa to Katbary. | (2) Gamaria to Jamda.
(3) Gamaria to Mujgaon.

Road Cess and Municipal Office building.—The office building, half the cost of which is to be borne by the Municipality here, has nearly been finished. The account will be closed with the Municipality, when the final payment will be made to the contractor for the works done by him.

Arboriculture.—Some new plants have been planted in the Burrakur, Bandgaon, Midnapore, and Joyntigurh roads. Fencings for trees planted in previous years have been repaired. Some dead plants have been replaced by new ones.

The general feature of the maintenance works that are being done at present is the introduction of gravelling portions of the roads every year instead of putting earth (surface dressing). This system improves generally the muddy nature of the soil, and have been tried in the worst portions with success. During my last cold weather tour, I inspected some of the roads, and came to the conclusion that money spent on gravelling is money well spent, and that on roads where there is constant traffic an additional portion should be gravelled every year until the whole road is gravelled. On the ungravelled portions of those roads, and on other roads which are not important enough to be gravelled, surface dressing should be done after the close of the rains by gangs of coolies under a road sircar, and not by giving out the work at so much per mile to contractors, as in the latter case no check can be exercised over the work. Only earthwork repairs, which are more than what would be called surface dressing, should be given out on contract. There was no District Engineer for the last five months of the year, and the works suffered much in consequence.

Considering the mileage extent of the roads in this district, the income available for expenditure annually is quite inadequate to meet the necessary wants. Nearly the whole of the income is taken up for maintenance, and in consequence very little can be done towards repairing or replacing broken culverts or constructing new ones, and on the principal roads there are many works required of this kind, but which for want of funds cannot be undertaken.

W. L. SAMUELS,

Chairman, District Road Cess Committee, Singhbhum

No. 125D.R., dated Chota Nagpore, the 12th August 1889.

From—W. H. GRIMLEY, Esq., c.s., Offg. Commr. of the Chota Nagpore Divn.,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit, in original, the annual accounts and reports of the several District Road Committees of this division for the year ending 31st March 1889.

3. The aggregate receipts amounted to Rs. 2,81,910-3-1, inclusive of Rs. 93,633-13-9, the closing balance of the previous year, and of Rs. 20,684-3-5; the receipts under the heads of "Advances" and "Deposits." The total expenditure, including advances and re-payments, amounted to Rs. 1,97,151-5. There was thus a balance of Rs. 84,758-14-1 when the year ended.

4. *Original works.*—In Hazaribagh, original works were limited to the construction of an inspection bungalow at Golah and the gravelling of eight miles of the Ramgurn-Golah road. In Lohardugga, three rubble stone and brick masonry bridges of two or three spans each were constructed on the Ranchi-Lohardugga road. In the Palamow sub-division a small bridge of rubble stone and brick masonry abutments and wing walls with sâI timber roadway was constructed. The survey, including the preparation of the plans and sections of the Lohardugga-Chuttra, Ranchi-Chandil, Kuru-Orenga and Daltongunge-Moharaj-gunge roads was completed. In Manbhoom, the original works consisted of (1) the construction of the Balarampore-Burrabazar road, (2) the metalling of some of the Purulia station roads with quartz, and (3) improving and widening portions of the Manbazar and Bankoora roads within the town of Purulia. In Singhboom, some masonry culverts were built on the Midnapore road; the work of improving the Subornorekha ghât on the Purulia road was continued and some inspection bungalows were constructed.

5. *Repairs* —In Hazaribagh, 58 miles of five metalled roads, 302 miles of 17 fair-weather roads, and 134 miles of village roads have been maintained and kept in fair order. Approaches to beds of rivers and nullahs crossed by all village roads have been sloped and rendered passable for wheeled traffic. In Lohardugga most of the district roads have been thoroughly maintained by the renewal of wooden platform bridges, the renewal of culverts and the re-excavation of side drains. In some cases the rubble stone and brick masonry abutments of bridges with timber-topped roadways have been thoroughly renewed. Surface repairs have been made wherever necessary. Most of the roads in the Sudder sub-division of the Manbhoom district were repaired and maintained in very fair order. In Singhboom, only surface repairs of the district roads have been made, as owing to the very limited resources of the District Road Committee and the large extent of the roads to be maintained nothing more could be done.

6. Village roads in all the districts have been maintained so far as funds permitted.

7. Attention seems to have been given by every District Committee to arboriculture. New trees have been planted along road sides and those planted in previous years have, in most cases, been maintained.

2. A complete list of all the shops for which licenses will be offered and a copy of each form of license are open to general inspection at the Office of the Superintendent of Excise Revenue, 4, Bankshall Street, and the number of these shops is not under any circumstances to be increased during the term of three years ending the 31st March 1893, except under the sanction of the Commissioner of Excise, Bengal, in each case. The Superintendent of Excise Revenue, however, reserves to himself the right, in case of combination, or for other cause, to transfer, before its settlement, any shop from the locality specified, to some other locality in the neighbourhood, being within a distance of 150 yards from the advertised shop or premises, provided that in cases of re-sale the transfer does not bring the shop within a quarter of a mile of any other similar shop which has been settled at any previous sale and the term of whose license is unexpired.

3. It is not at present intended to open any other shop during the term of the license; but the Superintendent of Excise Revenue does not absolutely bind himself in this respect. On special cause shown, and with the sanction of the Commissioner of Excise, Bengal, in each case, the number of shops may be increased: provided, however, that, whenever a new shop is opened, it will be optional to the holder of a similar license for the sale of Liquor or Drugs, if his shop is within a quarter of a mile of the new shop, to surrender his license without forfeiting his advance, when the Superintendent of Excise Revenue is to re-settle the shop by auction or otherwise.

4. The right of retail sale of the Liquors and Drugs is to be put up to auction at upset prices sanctioned by the Commissioner of Excise, Bengal.

5. The right of retail sale of the Liquors and Drugs is to be put up to auction in separate lots of one or more shops either in the order specified in the list, or in such other order as the officer conducting the sale may deem fit. When one lot has been sold, the next lot is not to be put up until the sum payable in advance on account of the lot already sold has been actually paid: provided, however, that where the sum payable exceeds Rs. 25, a promissory note may be taken from any respectable and well-known purchaser in lieu of cash payment.

6. The purchasers of the right of retail sale of Country Spirit, Rum, and Imported Liquors are entitled to sell Imported Liquors by the glass only, the liquor to be drunk on the premises.

7. The auction is to be held subject to the following conditions :—

(a)—That the Superintendent of Excise Revenue does not bind himself to accept the highest or any bid.

(b)—That the settlement with each accepted purchaser will, in Calcutta and the Suburbs, be contingent on the production by him of the usual Police certificate or license as the case may be, viz.—

For Excise licenses for—			If to be held in Calcutta, a Police certificate in the form prescribed by section 36, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police certificate in the form prescribed by section 19, Act II (B.C.) of 1866, must be produced.

(c)—That the person accepted as the purchaser is to state in writing, within seven days from the date of settlement, in what building he purposes to open his shop, and is at the same time to submit a plan showing clearly and distinctly what building or portion thereof he desires to be covered by the license, it being understood that the removal of shops to other premises than those named in the list attached to this notification will be contingent on the approval of both the Excise and Police authorities, and that any sum which has been paid as an advance of the license fee under the provisions of clause (d) of these conditions will be returned to any person to whom a license may be subsequently refused for Police reasons.

(d)—That the term of the license is to be for three years ending the 31st March 1893, and that, except in the case of Tari, the license fee for that period is to be paid in advance in the following instalments:—namely, the sum equivalent to the fee for two months, at the time of sale, and one month's fee on the date on which the currency of the license commences, and one month's fee on the 1st day of every succeeding month, until the whole of the fee due on the license shall have been paid. In the case of Tari only one month's fee is to be paid in advance at the time of sale, and fifteen days' fee on the date on which the currency of the license commences, and the rest of the fee in half-monthly instalments, viz., on the 1st and 16th day of every month, until the whole of the fee due on the license shall have been paid. This condition is to be strictly enforced in future, and failure to comply with it is to be met by immediate cancelment of the license.

(e)—That the purchaser is not to be entitled to receive back any portion of his advance in the event of his shop being closed before the expiration of the term of the license on violation of any of the conditions of the license, or his being convicted of a non-bailable criminal offence, or of any offence against the Excise laws or rules; and in the case of the surrender of a license under Act VII (B.C.) of 1878, the licensee is to give fifteen days' previous notice in writing to the Superintendent of Excise Revenue, and pay a sum equal to the license fee for fifteen days, over and above the amounts already paid in advance; and in the case of the surrender of a license under Act I of 1878, the licensee is to give one month's previous notice in writing to the Superintendent of Excise Revenue, and pay such fine not exceeding six months' license fees as the Superintendent of Excise Revenue may adjudge, over and above the amounts already paid in advance.

(f)—That the currency of the license is to commence on the 1st April 1890 on which date the purchaser is to open his shop, in all respects prepared for the accommodation of customers, to be certified by an Excise Officer—failure to comply with this condition is to be met by the immediate cancelment of the license and the forfeiture of the deposit, except in the case of delay caused by the non-issue of the Police certificate or Police license, for which a reasonable extension of time may be allowed upon application and cause shown to the Superintendent of Excise Revenue.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

2. A complete list of all the shops for which licenses will be offered and a copy of each form of license are open to general inspection at the Office of the Superintendent of Excise Revenue, 4, Bankshall Street, and the number of these shops is not under any circumstances to be increased during the term of three years ending the 31st March 1893, except under the sanction of the Commissioner of Excise, Bengal, in each case. The Superintendent of Excise Revenue, however, reserves to himself the right, in case of combination, or for other cause, to transfer, before its settlement, any shop from the locality specified, to some other locality in the neighbourhood, being within a distance of 150 yards from the advertised shop or premises, provided that in cases of re-sale the transfer does not bring the shop within a quarter of a mile of any other similar shop which has been settled at any previous sale and the term of whose license is unexpired.

3. It is not at present intended to open any other shop during the term of the license; but the Superintendent of Excise Revenue does not absolutely bind himself in this respect. On special cause shown, and with the sanction of the Commissioner of Excise, Bengal, in each case, the number of shops may be increased: provided, however, that, whenever a new shop is opened, it will be optional to the holder of a similar license for the sale of Liquor or Drugs, if his shop is within a quarter of a mile of the new shop, to surrender his license without forfeiting his advance, when the Superintendent of Excise Revenue is to re-settle the shop by auction or otherwise.

4. The right of retail sale of the Liquors and Drugs is to be put up to auction at upset prices sanctioned by the Commissioner of Excise, Bengal.

5. The right of retail sale of the Liquors and Drugs is to be put up to auction in separate lots of one or more shops either in the order specified in the list, or in such other order as the officer conducting the sale may deem fit. When one lot has been sold, the next lot is not to be put up until the sum payable in advance on account of the lot already sold has been actually paid: provided, however, that where the sum payable exceeds Rs. 25, a promissory note may be taken from any respectable and well-known purchaser in lieu of cash payment.

6. The purchasers of the right of retail sale of Country Spirit, Rum, and Imported Liquors are entitled to sell Imported Liquors by the glass only, the liquor to be drunk on the premises.

7. The auction is to be held subject to the following conditions:—

(a)—That the Superintendent of Excise Revenue does not bind himself to accept the highest or any bid.

(b)—That the settlement with each accepted purchaser will, in Calcutta and the Suburbs, be contingent on the production by him of the usual Police certificate or license as the case may be, viz.—

For Excise licenses for—

Doasta ...
Rum ...
Imported Liquors by glass ...
Tari ...
Ganja ...
Siddhi ...
Charas ...
Majum ...

If to be held in Calcutta, a Police certificate in the form prescribed by section 36, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police certificate in the form prescribed by section 19, Act II (B.C.) of 1866, must be produced.

For Excise licenses for—

Opium ...
Madak ...
Chandu ...

If to be held in Calcutta, a Police license in the form prescribed by section 39, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police license in the form prescribed by section 22 of Act II (B.C.) of 1866 must be produced.

(c)—That the person accepted as the purchaser is to state in writing, within seven days from the date of settlement, in what building he purposes to open his shop, and is at the same time to submit a plan showing clearly and distinctly what building or portion thereof he desires to be covered by the license, it being understood that the removal of shops to other premises than those named in the list attached to this notification will be contingent on the approval of both the Excise and Police authorities, and that any sum which has been paid as an advance of the license fee under the provisions of clause (d) of these conditions will be returned to any person to whom a license may be subsequently refused for Police reasons.

(d)—That the term of the license is to be for three years ending the 31st March 1893, and that, except in the case of Tari, the license fee for that period is to be paid in advance in the following instalments:—namely, the sum equivalent to the fee for two months, at the time of sale, and one month's fee on the date on which the currency of the license commences, and one month's fee on the 1st day of every succeeding month, until the whole of the fee due on the license shall have been paid. In the case of Tari only one month's fee is to be paid in advance at the time of sale, and fifteen days' fee on the date on which the currency of the license commences, and the rest of the fee in half-monthly instalments, viz., on the 1st and 16th day of every month, until the whole of the fee due on the license shall have been paid. This condition is to be strictly enforced in future, and failure to comply with it is to be met by immediate cancelment of the license.

(e)—That the purchaser is not to be entitled to receive back any portion of his advance in the event of his shop being closed before the expiration of the term of the license on violation of any of the conditions of the license, or his being convicted of a non-bailable criminal offence, or of any offence against the Excise laws or rules; and in the case of the surrender of a license under Act VII (B.C.) of 1878, the licensee is to give fifteen days' previous notice in writing to the Superintendent of Excise Revenue, and pay a sum equal to the license fee for fifteen days, over and above the amounts already paid in advance; and in the case of the surrender of a license under Act I of 1878, the licensee is to give one month's previous notice in writing to the Superintendent of Excise Revenue, and pay such fine not exceeding six months' license fees as the Superintendent of Excise Revenue may adjudge, over and above the amounts already paid in advance.

(f)—That the currency of the license is to commence on the 1st April 1890 on which date the purchaser is to open his shop, in all respects prepared for the accommodation of customers, to be certified by an Excise Officer—failure to comply with this condition is to be met by the immediate cancelment of the license and the forfeiture of the deposit, except in the case of delay caused by the non-issue of the Police certificate or Police license, for which a reasonable extension of time may be allowed upon application and cause shown to the Superintendent of Excise Revenue.

(g)—That where the amount of the sum payable in advance is required to be paid at once in cash, and the bidder fails to make such payment, the officer conducting the sale is either immediately to put up the lot again for sale, or after the other lots in the list have been disposed of, or he may postpone the sale to such future date as he shall then and there notify; and the defaulting purchaser is to be debarred from bidding for such lot or for any other lot, and he is not to be allowed to remain in the auction-room; and that the defaulting purchaser will be liable for any loss that may accrue to Government in case it becomes necessary to re-sell a lot at a lower rate either in consequence of his failure to deposit the sum payable at the time of sale, or to redeem his promissory note on or before 4 P.M. on the day following that on which the note was signed.

(h)—That the purchasers are to adhere to all the provisions of the Opium, Excise and Police laws, and of the rules which have been or may from time to time be prescribed by the Board of Revenue.

8. All sales subsequent to the date of the triennial sale in March are to be held subject to the conditions contained in this notification, so far as they may be applicable.

9. Any further information regarding the auction may be had on application at the Office of the Superintendent of Excise Revenue.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,
Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

*.No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

*No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

NOTIFICATION.

1. The right of retail sale of the Liquors and Drugs specified below will be put up to auction at the Opium Sale-room, Board of Revenue, 2, Bankshall Street, on Tuesday, the 4th March 1890, and subsequent days, in the following order:—

Name of article.	Date of sale.
Ganja, Siddhi, Charas, Majum ...	Tuesday, the 4th March 1890.
Opium, Madak, Chandu ...	Wednesday, the 5th ditto.
Tari ...	Saturday, the 8th ditto.
Country Spirit, Rum and Imported Liquor by glass.	Monday, Tuesday, and Wednesday, the 10th, 11th and 12th March 1890.

2. A complete list of all the shops for which licenses will be offered and a copy of each form of license are open to general inspection at the Office of the Superintendent of Excise Revenue, 4, Bankshall Street, and the number of these shops is not under any circumstances to be increased during the term of three years ending the 31st March 1893, except under the Board's sanction in each case. The Superintendent of Excise Revenue, however, reserves to himself the right, in case of combination, or for other cause, to transfer (subject to there being no objection on police grounds), either before or after its settlement, any shop from the site specified in the list to some other site, provided that the new site, if it is more than 100 yards from the advertised one, does not bring the shop within a quarter of a mile of any other similar shop whose term of license is unexpired.

3. It is not at present intended to open any other shop during the term of the license; but the Superintendent of Excise Revenue does not absolutely bind himself in this respect. On special cause shown, and with the sanction of the Board of Revenue in each case, the number of shops may be increased: provided, however, that, whenever a new shop is opened, it will be optional to the holder of a similar license for the sale of Liquor or Drugs, if his shop is within a quarter of a mile of the new shop, to surrender his license without forfeiting his advance, when the Superintendent of Excise Revenue is to re-settle the shop by auction or otherwise.

4. The right of retail sale of the Liquors and Drugs is to be put up to auction at the sanctioned upset prices.

5. The right of retail sale of the Liquors and Drugs is to be put up to auction in separate lots of one or more shops, either in the order specified in the list, or in such other order as the officer conducting the sale may deem fit. When one lot has been sold, the next lot is not to be put up until the sum payable in advance on account of the lot already sold has been actually paid: provided, however, that, where the sum payable exceeds Rs. 25, a promissory note may be taken from any respectable and well-known purchaser in lieu of cash payment.

6. The purchasers of the right of retail sale of Country Spirit, Rum, and Imported Liquors are entitled to sell Imported Liquors by the glass only, the liquor to be drunk on the premises.

7. The auction is to be held subject to the following conditions:—

(a)—That the Superintendent of Excise Revenue does not bind himself to accept the highest or any bid.

(b)—That the settlement with each accepted purchaser will, in Calcutta and the Suburbs, be contingent on the production by him of the usual Police certificate or license, as the case may be, viz.—

For Excise licenses for—

Doosta	...
Rum	...
Imported Liquors by glass	...
Tari	...
Ganja	...
Siddhi	...
Charas	...
Majum	...

If to be held in Calcutta, a Police certificate in the form prescribed by section 36, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police certificate in the form prescribed by section 19, Act II (B.C.) of 1866, must be produced.

For Excise licenses for—

Opium	...
Madak	...
Chandu	...

If to be held in Calcutta, a Police license in the form prescribed by section 39, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police license in the form prescribed by section 22 of Act II (B.C.) of 1866, must be produced.

(c)—That the person accepted as the purchaser is to state in writing, within seven days from the date of settlement, in what building he purposes to open his shop, and is at the same time to submit a plan showing clearly and distinctly what building or portion thereof he desires to be covered by the license, it being understood that the removal of shops to other premises than those named in the list attached to this notification will be contingent on the approval of both the Excise and Police authorities, and that any sum which has been paid as an advance of the license fee under the provisions of clause (d) of these conditions will be returned to any person to whom a license may be subsequently refused for Police reasons.

(d)—That the term of the license is to be for three years ending the 31st March 1893, and that, except in the case of Tari, the license fee for that period is to be paid in advance in the following instalments:—namely, the sum equivalent to the fee for two months, at the time of sale, and one month's fee on the date on which the currency of the license commences, and one month's fee on the 1st day of every succeeding month, until the whole of the fee due on the license shall have been paid. In the case of Tari only one month's fee

is to be paid in advance at the time of sale, and fifteen days' fee on the date on which the currency of the license commences, and the rest of the fee in half-monthly instalments, viz., on the 1st and 16th day of every month, until the whole of the fee due on the license shall have been paid. This condition is to be strictly enforced in future, and failure to comply with it is to be met by immediate cancelment of the license.

(e)—That the purchaser is not to be entitled to receive back any portion of his advance in the event of his shop being closed before the expiration of the term of the license on violation of any of the conditions of the license, or his being convicted of a non-bailable criminal offence, or of any offence against the Excise laws or rules; and in the case of the surrender of a license under Act VII (B.C.) of 1878, the licensee is to give fifteen days' previous notice in writing to the Superintendent of Excise Revenue, and pay a sum equal to the license fee for fifteen days, over and above the amounts already paid in advance; and in the case of the surrender of a license under Act I of 1878, the licensee is to give one month's previous notice in writing to the Superintendent of Excise Revenue, and pay such fine not exceeding six months' license fees as the Superintendent of Excise Revenue may adjudge, over and above the amounts already paid in advance.

(f)—That the currency of the license is to commence on the 1st April 1890, on which date the purchaser is to open his shop, in all respects prepared for the accommodation of customers, to be certified by an Excise Officer—failure to comply with this condition is to be met by the immediate cancelment of the license, the forfeiture of the deposit, and the levy of the fees for the month except in the case of delay caused by the non-issue of the Police certificate or Police license, for which a reasonable extension of time may be allowed upon application and cause shown to the Superintendent of Excise Revenue.

(g)—That where the amount of the sum payable in advance is required to be paid at once in cash, and the bidder fails to make such payment, the officer conducting the sale is either immediately to put up the lot again for sale, or after the other lots in the list have been disposed of, or he may postpone the sale to such future date as he shall then and there notify; and the defaulting purchaser is to be debarred from bidding for such lot, or for any other lot, and he is not to be allowed to remain in the auction-room; and that the defaulting purchaser will be liable for any loss that may accrue to Government in case it becomes necessary to re-sell a lot at a lower rate, either in consequence of his failure to deposit the sum payable at the time of sale, or to redeem his promissory note on or before 4 P.M. on the day following that on which the note was signed.

(h)—That the purchasers are to adhere to all the provisions of the Opium, Excise and Police laws, and of the rules which have been or may from time to time be prescribed by the Board of Revenue.

8. All sales subsequent to the date of the triennial sale in March are to be held subject to the conditions contained in this notification, so far as they may be applicable.

9. Any further information regarding the auction may be had on application at the Office of the Superintendent of Excise Revenue.

- REVENUE DEPARTMENT.**
- A Dictionary of the Economic Products of India.** By DR. GEO. WATT, C.I.E., Reporter on Economic Products.
- Published under the authority of the Government of India in the Revenue and Agricultural Department.
- The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.
- The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

*.No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

Country Spirit, Rum and Imported Liquor by glass.	Monday, Tuesday, and Wednesday, the 10th, 11th and 12th March 1890.

2. A complete list of all the shops for which licenses will be offered and a copy of each form of license are open to general inspection at the Office of the Superintendent of Excise Revenue, 4, Bankshall Street, and the number of these shops is not under any circumstances to be increased during the term of three years ending the 31st March 1893, except under the Board's sanction in each case. The Superintendent of Excise Revenue, however, reserves to himself the right, in case of combination, or for other cause, to transfer (subject to there being no objection on police grounds), either before or after its settlement, any shop from the site specified in the list to some other site, provided that the new site, if it is more than 100 yards from the advertised one, does not bring the shop within a quarter of a mile of any other similar shop whose term of license is unexpired.

3. It is not at present intended to open any other shop during the term of the license; but the Superintendent of Excise Revenue does not absolutely bind himself in this respect. On special cause shown, and with the sanction of the Board of Revenue in each case, the number of shops may be increased: provided, however, that, whenever a new shop is opened, it will be optional to the holder of a similar license for the sale of Liquor or Drugs, if his shop is within a quarter of a mile of the new shop, to surrender his license without forfeiting his advance, when the Superintendent of Excise Revenue is to re-settle the shop by auction or otherwise.

4. The right of retail sale of the Liquors and Drugs is to be put up to auction at the sanctioned upset prices.

5. The right of retail sale of the Liquors and Drugs is to be put up to auction in separate lots of one or more shops, either in the order specified in the list, or in such other order as the officer conducting the sale may deem fit. When one lot has been sold, the next lot is not to be put up until the sum payable in advance on account of the lot already sold has been actually paid: provided, however, that, where the sum payable exceeds Rs. 25, a promissory note may be taken from any respectable and well-known purchaser in lieu of cash payment.

6. The purchasers of the right of retail sale of Country Spirit, Rum, and Imported Liquors are entitled to sell Imported Liquors by the glass only, the liquor to be drunk on the premises.

7. The auction is to be held subject to the following conditions:—

(a)—That the Superintendent of Excise Revenue does not bind himself to accept the highest or any bid.

(b)—That the settlement with each accepted purchaser will, in Calcutta and the Suburbs, be contingent on the production by him of the usual Police certificate or license, as the case may be, viz.—

For Excise licenses for—

Doasta
Rum
Imported Liquors by glass
Tari
Ganja
Siddhi
Charas
Majum

If to be held in Calcutta, a Police certificate in the form prescribed by section 36, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police certificate in the form prescribed by section 19, Act II (B.C.) of 1866, must be produced.

For Excise licenses for—

Opium
Madak
Chandu

If to be held in Calcutta, a Police license in the form prescribed by section 39, Act IV (B.C.) of 1866, must be produced; and if to be held in the Suburbs, a Police license in the form prescribed by section 22 of Act II (B.C.) of 1866, must be produced.

(c)—That the person accepted as the purchaser is to state in writing, within seven days from the date of settlement, in what building he purposes to open his shop, and is at the same time to submit a plan showing clearly and distinctly what building or portion thereof he desires to be covered by the license, it being understood that the removal of shops to other premises than those named in the list attached to this notification will be contingent on the approval of both the Excise and Police authorities, and that any sum which has been paid as an advance of the license fee under the provisions of clause (d) of these conditions will be returned to any person to whom a license may be subsequently refused for Police reasons.

(d)—That the term of the license is to be for three years ending the 31st March 1893, and that, except in the case of Tari, the license fee for that period is to be paid in advance in the following instalments:—namely, the sum equivalent to the fee for two months, at the time of sale, and one month's fee on the date on which the currency of the license commences, and one month's fee on the 1st day of every succeeding month, until the whole of the fee due on the license shall have been paid. In the case of Tari only one month's fee

is to be paid in advance at the time of sale, and fifteen days' fee on the date on which the currency of the license commences, and the rest of the fee in half-monthly instalments, viz., on the 1st and 16th day of every month, until the whole of the fee due on the license shall have been paid. This condition is to be strictly enforced in future, and failure to comply with it is to be met by immediate cancelment of the license.

(e)—That the purchaser is not to be entitled to receive back any portion of his advance in the event of his shop being closed before the expiration of the term of the license on violation of any of the conditions of the license, or his being convicted of a non-bailable criminal offence, or of any offence against the Excise laws or rules; and in the case of the surrender of a license under Act VII (B.C.) of 1878, the licensee is to give fifteen days' previous notice in writing to the Superintendent of Excise Revenue, and pay a sum equal to the license fee for fifteen days, over and above the amounts already paid in advance; and in the case of the surrender of a license under Act I of 1878, the licensee is to give one month's previous notice in writing to the Superintendent of Excise Revenue, and pay such fine not exceeding six months' license fees as the Superintendent of Excise Revenue may adjudge, over and above the amounts already paid in advance.

(f)—That the currency of the license is to commence on the 1st April 1890, on which date the purchaser is to open his shop, in all respects prepared for the accommodation of customers, to be certified by an Excise Officer—failure to comply with this condition is to be met by the immediate cancelment of the license, the forfeiture of the deposit, and the levy of the fees for the month except in the case of delay caused by the non-issue of the Police certificate or Police license, for which a reasonable extension of time may be allowed upon application and cause shown to the Superintendent of Excise Revenue.

(g)—That where the amount of the sum payable in advance is required to be paid at once in cash, and the bidder fails to make such payment, the officer conducting the sale is either immediately to put up the lot again for sale, or after the other lots in the list have been disposed of, or he may postpone the sale to such future date as he shall then and there notify; and the defaulting purchaser is to be debarred from bidding for such lot, or for any other lot, and he is not to be allowed to remain in the auction-room; and that the defaulting purchaser will be liable for any loss that may accrue to Government in case it becomes necessary to re-sell a lot at a lower rate, either in consequence of his failure to deposit the sum payable at the time of sale, or to redeem his promissory note on or before 4 P.M. on the day following that on which the note was signed.

(h)—That the purchasers are to adhere to all the provisions of the Opium, Excise and Police laws, and of the rules which have been or may from time to time be prescribed by the Board of Revenue.

8. All sales subsequent to the date of the triennial sale in March are to be held subject to the conditions contained in this notification, so far as they may be applicable.

9. Any further information regarding the auction may be had on application at the Office of the Superintendent of Excise Revenue.
